

Spill Bully Neutralization Kit with Workers First's Polyreact™

Technical Data Sheet

The Neutralization Kit includes Eco Industrial's Go-Green Absorption Pillows accompanied by Workers First's Acid Neutralizing Socks powered by Polyreact™

PROPERTIES

- The Neutralization Kit can neutralize and absorb 5 gallons in 15 minutes as if the spill was never there! This is most effective at neutralizing acids at a pH as low as 0.3 (similar to Battery Acid).
- This will partially neutralize and absorb stronger acids and create a safer working environment for your employees.
- Has been shown to work with phosphoric, nitric, sulfuric, hydrochloric, and organic acids.
